General dear students, this is to wish you a **Very Happy Sinhalese and Tamil New Year** and to remind of you of a few important priorities.

While you should spend some quality time with your families during the holidays, it is important that you also catch-up on your missed work as much as possible. ~~reminded that:~~

All Started @ The PP1

General - dear students, all this started with the 50% progress presentations (PP1) except for Alpha Squad - who came from Mini Hackathon at CodeFest 2021. This time, we hope you will make the scoreboards! There's some pending feedback to give / rehearsals to be conducted for some groups, we will get those in today and tomorrow. Wishing you all the best.
